Derry Municipal Center
14 Manning Street

MINUTES

Tuesday, June 2, 2026
3rd Floor Meeting Room

6:30 PM Non-Meeting – RSA 91A:2 (a) – Strategy or negotiations with respect to collective bargaining

7:04 PM Call to order – Chair Spencer

Pledge of Allegiance, warning of fire exits, handicap access, & turn off all cell phones

Roll Call: Councilors Milz, Chase, Flood, Foote, Chair Spencer

Absent: Councilors Webb, Healey

Present: TA Michael Fowler, Deputy Town Clerk Brianna Haller

Public Forum - *30 Minutes*

Motion by Councilor Foote to open public forum, seconded by Councilor Milz

All Agreed

Jamie Carreau, 6L Richardson Road - I just wanted to say Happy Pride Month, everybody. And I noticed the pride flag hanging downstairs, so I just wanted to thank you guys for continuing that tradition. I'm sure Dave Granese will be very happy because I know that was something he was concerned about. I also just wanted to say for anyone who doesn't know that Windham Pride is on Saturday from 12:00 to 4:00 at Windham High School. So happy pride. Thank you.

Tom Cardon, 2 Cunningham Drive - Good evening, Councilors, Madam Secretary, I just had a couple of comments about the Brook Hollow project that is a proposal in Londonderry. I'm sure most of you guys know about it. It's a 1,000-unit development with 160,000 square feet of commercial retail, which is about the size of Walmart, they're proposing that. I just wanted to read just a couple of notes from the recent planning board meeting. And this is from the Londonderry town administrator. He said they could approach the town council about exploring interlocal agreement with Derry. And this has to do with fire safety, with the fire department, because the closest fire department, I guess, is over by the airport, which is 9 minutes away or 10 minutes away, where station 3 in Derry is only a couple of minutes away. He said an agreement with the neighboring town will cost money, but it might be more affordable than a new station. I know that's not traditionally how things are done in New Hampshire, but it would make sense for us to look at it that way. The administrator said a \$15 million fire station with \$47 million worth of equipment and operating expenses would be very challenging for the community to be able to maintain in the long run. Some planning board members expressed doubt whether Derry's fire station has large enough apparatus to serve Brook Hollow development as proposed. So, I think this is something that I hope that the town does not consider doing this. I think Londonderry stands very much to benefit from this because they'll be getting tax dollars from us. And then on the other side, Derry is going to have to be using their infrastructure for the fire department there. And I think, as one of the gentlemen said here, it's

not going to be anywhere near big enough. So anyway, I think one of the things that kind of bothered me over the years is there hasn't been that much communication between Derry and Londonderry over some of these projects. I know when they were doing the gateway community, one of the suggestions I made is, have you been talking to Londonderry about any of the zoning changes and what they're going to do? And the comment to me was, well, we've had a little bit of contact with them, and that seemed to be about it. So anyway, thank you very much.

**Motion by Councilor Milz to close public forum, seconded by Councilor Foote

Chair Report – Chair Spencer

Nothing to report.

Town Administrator's Report – Town Administrator Michael Fowler

Good evening. As the weather looks like is going to eventually turn to warm here, we're entering into the month of June. I've got some community information to pass along. So tomorrow, June 3rd, Wednesday, is the first of what we colloquially know as the farmers' market. That'll be going on in downtown starting 3:00 to 7:00 PM every Wednesday until September 30th. So that'll be something that's an attraction to the downtown area. It's been going on for many years, and volunteers do a great job at that.

I also wanted to take an opportunity to talk about some of the summer updates for the Parks and Recreation Department. We have spring T-ball and pee-wee soccer. That's going to be concluded in mid-June. The summer concert series, those are Tuesday nights at 7:00 PM. Those begin on June 16th. So that's going to be held every Tuesday night through August 18th. Gallien's Beach and the Splash Pad are opening on June 20th, weather permitting. And those operating hours are 10:00AM to 7:00PM, seven days a week. And obviously, if it's thundering or if it's raining, they may not be open. But that's a very popular outing for many families. Birthday parties at the Dawn Ball Park patio, those will begin on Saturday, June 27th. If there's any questions about availability, please reach out to the Parks and Recreation Department. Storytime will be going on at Don Ball Park. Those will be held on Tuesdays at 10:30AM. We have fireworks coming up. That's on the 4th of July. That'll be held at dusk. And that is in the traditional location behind Hood Park. And then obviously, we have other activities such as Wednesday fun days. All this information that I'm providing here today is found on the town's website. And please refer to that for additional information.

I also wanted to point out the activities by our DPW crew. They've been out freshening up all the lines, crosswalks and stop bars. Just as a reminder, we also do the long lines, our yellows and

our white fog lines. Those are typically done later in the year by contract. So those are not done at this time of the year. But you will see the crosswalks and the stops and any of the parking situations set up by our crew from DPW. There's still quite a bit to do, but they've made quite a bit of progress. Other general governmental information, tax collector's office is changing its hours along with the town clerk's office. That'll be effective starting July 6th. And those hours will be Monday through Friday, 7:00 AM to 4:00 PM. And Wednesdays, it will be open an extra late hour until 5:00 PM.

Lastly, the first half tax bills have been sent. The due dates on that are July 1, 2026. If there's any questions on the assessment, reach out to the assessor's office. Any questions on the tax bill and their due dates, please reach out to the tax collector. So that's all I have this evening for the town administrator's report.

Public Hearing

26-52 & 26-53 Resolution #2026-031 – CDBG Authorization for The Upper Room and Resolution #2026-032 Update Housing and Community –
CDBG Administrator Donna Lane presenting.

An Informational Document is available.

Community Development Block Grant funds are available to municipalities through the NH Community Development Finance Authority. Up to \$500,000 annually is available for Economic Development Projects, up to \$700,000 for Housing Projects, up to \$700,000 for Public Facility Projects, up to \$500,000 in Emergency Funds, up to \$25,000 per Planning Study grant. All projects must directly benefit a majority of low- and moderate-income persons.

This is a proposed Community Development Block Grant application to the Community Development Finance Authority for up to \$25,000 in Community Development Block Grant Planning Study funds. The town will retain up to \$3,500 for administrative expenses and the remainder will be subgranted to the Upper Room, a Family Resource Center located at 36 Tsienneto Road in Derry. The Upper Room has acquired a neighboring property at 42 Tsienneto Road and would like CDBG Planning Study funds to get preliminary design and cost estimates (and adequate documents) to determine the feasibility of increasing their current services and space utilizing this new property. The Upper Room offers services such as High School Education, Juvenile Diversion, Parenting and home visiting, Food pantry and Homeless Youth services. The majority of persons and families accessing these services are of low and moderate income.

This project conforms with Derry's proposed Housing and Community Development Plan's goal of: Encourage municipal and private water and wastewater systems that are safe, sanitary and that meet DES regulations. (Short-term and Long-term goal).

Councilor Foote opens the Public Hearing on the proposed Upper Room Planning Study CDBG Application, seconded by Councilor Milz
All Agreed

Councilor Spencer asks for public comment.

No one from the public spoke.

Councilor Foote Closes the Public Hearing, seconded by Councilor Milz

All Agreed

Councilor Foote opens the Public Hearing on the Residential Antidisplacement and Relocation Assistance Plan for the proposed Upper Room Planning Study, seconded by Councilor Milz
All Agreed

This plan outlines measures, under the Uniform Relocation Act, required for CDBG projects that involve any displacement or relocation of persons (or businesses), if the Town were to undertake a CDBG project which involved displacement or relocation they would follow this plan. The plan outlines the measures they would take to find comparable, suitable housing for persons (or businesses) displaced or relocated. This project does not anticipate displacement or relocation as it is just a planning study.

Councilor Spencer asks for public comment.

No one from the public spoke.

Councilor Foote closes the Public Hearing, seconded by Councilor Milz
All Agreed

Councilor Foote opens the Public Hearing on the Updated Housing and Community Development Plan, seconded by Councilor Milz
All Agreed

The Housing and Community Development Plan outlines long and short term goals for the Town. It was last adopted in 2023. CDBG requires a HCDP that is no more than 3 years old. No changes have been made to the 2023 plan.

SHORT-TERM GOALS

1. Review current zoning and extend water and sewer to encourage commercial development on Rt. 28S.
2. Market and fully develop available properties within the Derry Commerce Corridor tax increment finance (TIF) district.
3. Work with the Rockingham Economic Development Corporation to assist local and prospective businesses with their expansion plans and loan and tax credit programs as well as Community Development Block Grants through the Community Development Finance Authority.
4. Annual review and adoption of the Capital Improvement Plan. (Short and Long Term Goal)
5. Regular (2x yearly) meetings of Town Council and the Planning Board, and Economic Development Director, to ensure that zoning regulations promote effective economic development.
6. Continue to review and revise as necessary, the Land Development Control Regulations. Architectural Design Regulations which were adopted by the town in 2005.

7. Encourage public and private water and wastewater systems that are safe, sanitary and meet DES regulations.

8. Develop a plan to promote heritage tourism.

9. Develop a Vision and Plan for the Exit 4A Gateway which will support and encourage economic development and redevelopment opportunities.

10. Encourage a varied stock of safe, sanitary, decent and affordable housing for persons of all age and income groups. (Short-term and Long-term goal).

11. Encourage economic development activities to increase quality industrial and commercial development. Encourage the expansion and retention of employment opportunities for residents. (Short-term and Long-term goal).

12. Encourage municipal and private water and wastewater systems that are safe, sanitary and that meet DES regulations. (Short-term and Long-term goal).

13. Preserve and promote the Town's historically and culturally significant structures. (Short-term and Long-term goal).

14. Promote activities that protect the health and safety of residents and visitors. (Short-term and Long-term goal).

Councilor Spencer asks for public comment.

No one from the public spoke.

Resolution #2026-033 – Accept a gift of a 30 Year Supply of energy drinks – Derry Fire Department – *Fire Chief Greg Laro and FF Jason Rivera presenting.*

Chief Laro - We're here tonight seeking authorization to accept a very generous gift. And I've brought firefighter Jason Rivera with me tonight to give a little bit of a presentation on how we arrived here.

FF Jason Rivera - Good evening. I have a typed-out thing that I was going to read, and I still am going to read, but just a quick how we got to this point. Very innocently, on social media, I saw a post from this company. And I shared it with my wife to submit myself and Derry Fire in for the sweepstakes, in the way how sweepstakes on the internet almost never go through for at least me. To my surprise, about a month or so later, I got feedback from this company to confirm the fire department, so they could fact-check to make sure that we were indeed a fire department. I wasn't just a civilian trying to get free energy drinks. And so, I submitted that information. And they came back with, "Congratulations. Derry Fire was one of 10 fire departments in New England chosen to receive this donation." And then they sent us six months' worth of energy drinks. But anyways, about Phoenix Energy, they're kind of a newer company. So not quite in all the stores yet. A few gas stations here and there carry this brand. They're trying to separate themselves from the traditional energy drink by pairing itself with hydration and energy as opposed to just sugar-filled, caffeine-filled energy drinks that kind of give you the short burst, jittery energy. So, hydration, wellness, and they do have a pretty significant focus on supporting first responders, firefighters, EMS, and police. What makes them different from the other ones, like I mentioned, traditional energy drinks rely heavily on sugar. Phoenix markets itself as a hydration energy drink, according to their company. It includes electrolytes, vitamins, natural caffeine from green tea, as well as zero sugar. And that just kind of seems like a commercial, really. But the benefits of that as opposed to a regular energy drink are huge in our line of work because a lot of times, we're in a position where we rely on either a quick cup of coffee or an energy drink out of whether it's Parkland Hospital, one of the hospitals who are gracious enough to supply us with those things, specifically for the need of some energy to keep us awake. And we're kind of not really thinking about the health effects of those constant choices. So having the opportunity to have an energy drink that not only promotes hydration, which is huge, as you can imagine on the scene of a fire or any other strenuous scene, this kind of is a one-package deal where you're getting the benefits of green tea caffeine as well as the hydrating benefits of a Gatorade, for example.

They also have an amino acid called L-theanine, which promotes a steady mood. And it prohibits the jittery crash of a coffee, or Monster or Red Bull energy drink may have. Kind of from the company's standpoint, they do, like I said, focus on their first responders. Their website specifies the programs that they work with, one of them including Tunnel for Towers, which honors fallen first responders and military heroes from 9/11. And they donate a portion of all their sales to that. And they've been doing that since their birth.

I kind of talked about the sweepstakes a little bit from their company. They promote these giveaways and sweepstakes involving the fire departments and first responders. And yes, while the giveaways can help advertise the brand, Phoenix presents these programs as a community appreciation as opposed to a direct sponsorship, and the important difference is the focus is on supporting the departments and recognizing the difficult job instead of simply paying celebrities or influencers to advertise their product. They're seeing the benefit for us specifically and kind of, yes, using it to their advantage but also allowing it to help us in the long run. A little bit more information about how it's kind of a healthier alternative than the other energy drinks, which is big. Anytime you can reach for something that's going to provide you with a little bit more nutrition than something else is, I think, very important. Specifically myself, I can't speak for everyone on the department, but I do feel like it's a pretty blanket across-the-board feeling. I feel, being someone who lives in Derry, was born in Derry, I think that this community deserves all of us to be in peak physical condition at all times. That's something that I'm very passionate

about. And any leg up that we can get in that sense, I think this is a very, very small step in that direction but something that can really benefit the guys and girls at Derry Fire.

Chief Laro - Firefighter Rivera is very active in our physical fitness realm. He was the one that specked out all of the fitness equipment for the new station. He did a fantastic job with that. So, let's tell them what they've won, Jason.

So, the award for the sweepstakes is a 12-pack per month for the next 30 years or as long as Phoenix is in business. That brings the valuation of the sweepstakes winning up to the \$30,000 mark.

26-55 Resolution #2026-034 – Accept a New Hampshire the Beautiful Grant for Recycling Equipment – *Public Works Director Tom Carrier presenting.*

Public Works is requesting the Council to authorize the acceptance and expending of a grant from the New Hampshire the Beautiful. New Hampshire The Beautiful is a nonprofit charitable trust. It's supported by members of the New Hampshire Beverage Association, the New Hampshire Beverage Distributors Association, and the New Hampshire Grocers Association. Among their many collaborative efforts is they offer grants to communities for eligible purchases of recycling equipment. So coincidentally, the FY26 budget in the transfer station included the purchase of a new trash trailer. We bid that project and awarded it to Travis Trailers. The cost of the trailer was \$102,000. We have applied to New Hampshire the Beautiful before for grant awards, and they're typically awarded at \$5,000. So, our environmental coordinator, Josh Brown, had submitted an application. We were pleased to be informed that we were awarded, actually, a \$20,000 grant under that program. It is a reimbursement program. So those funds can be used to reimburse the transfer station or general fund for the cost of that trailer.

New Business

26-61

Resolution #2026-037 – Approve funds from Bangor Savings Bank – *Fire Chief Greg Laro presenting.*

We were here in the beginning of the month of May to present a request for authorization to accept the \$2,500 gift from the Derry Village Rotary to add additional AEDs to the fleet that we have from the pilot program. The program was originally funded with seed money from the Alexander Eastman Foundation. So, I am here tonight to again request authorization to accept another \$2,500 donation. This time, it's coming from the Bangor Savings Bank in their philanthropic division. This will bring the AED loaner program to an additional 4 units with the previously authorized donation. I believe this will make for a total of 7 units.

Councilor Milz MOVES THAT THE TOWN COUNCIL adopt Resolution #2026-037 which reads as follows [Read the Resolution], seconded by Councilor Foote

Councilor Comments –

Councilor Chase - June 10th at approximately 7:30 PM, the Derry Heritage Commission will be recognizing their junior historians, the seniors that will be moving on from their service. You can stop in at any time. It's a typical Wednesday night when the museum is open. It will be taking place at the museum. They promised chocolate cake. And the departing seniors will be receiving a certificate of appreciation for their services to the museum and the Heritage Commission as a whole. Second, I want to remind the public of the open house at the new fire station. That will be June 13th from 10:00 to 2:00 PM, obviously, at the new fire station on Rockingham Road. And another reminder, I know it's been mentioned before, but the touch a truck is this Saturday, the 6th, at West Running Brook School, also from 10 o'clock till 2 o'clock.

Councilor Foote – On Memorial Day we had the parade. And although the weather didn't cooperate fully for the parade part of it, it did clear up for the ceremony aspect of it. Dan Stowers from the VFW, I want to give a kudos out to him and the American Legion. He's the commander from the Legion. He's been working on this for a year, and I feel terrible that the weather didn't cooperate because he put so much heart and soul and work into this parade. And there was a plane supposed to be doing a fly over on two occasions. It didn't happen due to the weather. But he still deserves a big shout-out for all the work he's done on it. And in the parade, Councilor Chase drove his own fire engine in the parade. So that was a big hit with the spectators. The ceremony itself, as I said the weather cleared up just in time for that. Councilor Milz did a fabulous job with the proclamation. And it was well attended. And I want to just give out kudos to the DPW the Saturday before Memorial Day. We were down in the cemetery cleaning up some of the area, getting ready for the Monday. And the big flag in the new section of the cemetery had come down. That's the really big one. I forget the diameter of it, but it's the biggest flag. It was on the ground. I had reached out to the town administrator. And the on-call

personnel, Rick from the DPW, came out, took care of it right away. The veterans were ecstatic. So just kudos to them. Thank you.

Councilor Milz - Tomorrow night at 6:00 PM at the Rockingham County Administrative Center, the Rockingham County is holding a public hearing on the 2027 budget. And all are invited to comment.

Councilor Spencer - I kind of said jokingly everybody wants to give us thanks tonight. But I do want to say thank you to all of the organizations that showed their generosity in donating funds and in-kind donations to us. It is nice to see our community appreciated and able to continue to grow through those kinds of things. Coming off of the Memorial Day parade and ceremonies, the two Derry Rotary Clubs also had the veterans' dinner this past Thursday. I'm a Rotary member, and it's my favorite event that we do. But I just wanted to say thank you to all the veterans that came out. We had two World War II veterans in attendance. And I think I didn't see it this year, but I know one of them insists on standing. Is wheelchair-bound and insists on standing. He's over 100. It's just a great night to be able to have all those veterans in one place and honor them. And then finally, I want to, I know Jamie came up earlier, but I want to wish everybody a Happy Pride Month.

**Motion by Councilor Milz to ADJOURN, seconded by Councilor Flood
All Agreed**

RESOLUTION

Number 2026-031

CDBG Authorization for The Upper Room

The Town Council, under Agenda Item #26-52 on June 2, 2026, took the following actions as requested by The Upper Room:

Two (2) consecutive public hearings were held on the following (Informational packets were made available to the public):

- 1) A proposed Planning Study Community Development Block Grant application to the Community Development Finance Authority for up to \$25,000 in Community Development Block Grant funds. The town will retain up to \$3,500 for administrative expenses and the remainder will be sub granted to the Upper Room, a Family Resource Center located at 36 Tsienneto Road, Derry, NH 03038 to do a planning study for a potential expansion at the facility at 36 Tsienneto Road, Derry NH 03038. The study will provide The Upper Room with an evaluation of current facility, and land for potential purpose of a building addition or modification that would increase meeting and classroom space. The majority of Upper Room's clients are of low and moderate income.
- 2) The Residential Anti Displacement and Relocation Assistance Plan for the proposed Upper Room Family Resource Center Planning Study Project.

- 1) THE TOWN COUNCIL approves the submittal of The Upper Room Planning application and authorizes the Town Administrator to sign and submit the application, and any amendments thereto, and upon approval of the CDBG application, authorized the Town Administrator to execute any documents which may be necessary to effectuate the CDBG contract on behalf of The Upper Room.
- 2) THE TOWN COUNCIL adopts and approves the Residential Anti-Displacement and Relocation Assistance Plan for the proposed Upper Room Family Resource Center Planning Study Project.
