By Councilor McLaughlin, Councilor Clingan, Councilor Davis, Councilor Ewen-Campen, Councilor Hardt, Councilor Link, Councilor Mbah, Councilor Sait, Councilor Scott, Councilor Strezo and Councilor Wheeler
In support of Senate Bill S.2975, an Act protecting access to justice.

Councilor McLaughlin sponsored State Senator Lydia Edwards and State Representative Christine Barber to address the Council. Senator Edwards spoke about the number of individuals arrested by Immigration Customs Enforcement (ICE) in courthouses, leading some people to forego their court appearances. She noted that people are being arrested on civil charges and sometimes taken out of court. Senator Edwards stated that courts in Massachusetts (MA) will be governed by MA laws. This bill requires that ICE have a judicial warrant from a judge to arrest someone while in a courthouse. Persons making arrests must identify themselves, state their purpose and not be wearing a mask, unless for health reasons. There will be a hearing in the Judiciary Committee in about a month and once the bill is passed, it will take effect immediately. State Representative Christine Barber addressed the Council on the matter, saying that there were 600 ICE arrests in MA last year. Organizing around the bill is working and the Protect Act incorporates part of this bill, as well. Representative Barber stated that this bill would be enforceable by the state Attorney General and that this is the right moment to keep the momentum up.

6. REPORTS OF COMMITTEES

6.A. FINANCE COMMITTEE

6.A.1. Committee Report Report of the Committee on Finance, meeting on March 10, 2026. (ID # [26-0332](#))

Councilor Wheeler summarized the actions taken by the committee and reported that there was a discussion about the Urban Center Housing Tax Increment Financing Tool (UCH-TIF) and that the committee recommended for approval three grants and one appropriation. Councilor Scott moved to sever items #25-0849, #26-0169 and #26-0271 from the committee report and requested a roll call vote on each item. He spoke about item #26-0271 and its requirement that the city participate in the Cop-Link system where information is shared. Regarding item #26-0169, Councilor Scott expressed his concerns about the use of Blue Voice, which is a type of artificial intelligence (AI), to assist in writing police reports. Lastly, Councilor Scott noted that the funds associated with item #25-0849 could be used for helmets, shields, and chemical weapons, adding that police departments across the nation are utilizing this gear when opposing protesters.

Legislative Liaison Yasmine Raddassi explained that Blue Voice is a closed system and will not be used to generate police reports. Councilor Link noted his concerns about use of AI but said that if it is used as a search engine, he is less concerned.

Councilor Wheeler noted that the city shares data already, but any data collected under item #26-0271 will not be shared with the federal government. Councilor Clingan commented that these funds have a positive impact on the city's youth through various programs, adding that if the Council is opposing this grant out of an abundance of caution, then this body must be completely irresponsible in its actions. Councilor Hardt stated she was against accepting the grant (item #26-0271) but urged the mayor to allocate the same amount of funding into the FY 2027 budget for youth programming. Mayor Wilson informed the Council that the city's relationship with Cop-Link has existed for some time, and that Cop-Link will not change based on how the Council votes on these items, rather, it would just amount to the Council refusing money offered to the city.

Mayor Wilson commented that we need to come together as a community in these difficult times. He reflected on a recent neighborhood meeting where speakers were heckled, and he urged people to listen to others who have different opinions from their own. He reported that his administration is bringing back neighborhood cleanups and looking for more creative ways for people to connect with each other. He asked for the Council's support in this initiative. Councilor Strezo suggested having a corporate sponsor for the community cleanups to which the mayor replied that a search for a sponsor has already begun. Councilor Sait commented that it's important for neighbors to get together, now, more than ever.
